ABOUT ME

Baraa A. Jadallah, a recent high school graduate from the scientific branch. Throughout my high school journey, I achieved an outstanding average of 97.6. I possess coding skills, strong leadership qualities, excel in communication with team members, and have developed confident public speaking skills achieved through participation in community activities. My enthusiasm for new technology and coding drives my continuous learning and exploration in this dynamic field.

EDUCATION

Sep, 2023 || Islamic University Of Gaza

Started Programming and Development major, forcefully stopped after only 1 month due to complete destruction of the university and continuity of the war.

July, 2023 || Khaled Bin Walid governmental school

Graduated from High School with honorary privilege, average of 97.6 in the scientific branch.

2011-2020

Completed my elementary and primary education in UNRWA schools with excellent grades and top ranking throughout all years.

EXTRACURRICULAR ACTIVITIES

2020-2022

Completed an intensive English Language Education Program (Access Microscholarship Program) sponsored by the **Palestinian Affairs Unit of the U.S. Embassy**. Over the course of two years, I dedicated myself to improving my English language skills, collaborating with peers to foster a supportive learning environment. Additionally, I actively participated in community service programs, where I had the opportunity to gain and apply leadership skills.

2022

Completed Connect Express Program sponsored by **Solya institution** for online cultural exchange. I have met people all around the world and discussed many concerning global issues such as climate changes and abortion from different cultural and religious perspectives.

Enthusiastic self-learning programmer under the guidance of teacher assistants.
